About the New Floral Collection

Inspired by Nature

This collection was inspired by the glorious gardens, hedgerows and countryside of Spring / Summer 2020. With the sun shining and plenty of time for walks in the local County Down countryside, Kathryn found herself entering a new era of poured painting...

REACH FOR THE SKY

“The foxgloves in our hedgerows seemed to appear overnight this year – their sudden arrival brought a riot of colour to the hedgerows. They were an absolute must for inclusion in this collection”, Kathryn.
